Odor From Arrowhead Country Club Lake #6

I have received several complaints from residents regarding an odor that is coming from lake #6 on the Arrowhead Country Club Golf Course. I have been informed that the General Manager of Arrowhead Country Club has committed to installing a new aerator pump by the end of next week which should reduce the odor. I have received complaints and concerns from residents regarding the air quality around the lake. Air quality is overseen by the Air Quality Division of the Arizona Department of Environmental Quality. For more information, or to file a complaint, please visit <http://legacy.azdeq.gov/environ/air/>.

We thank you for your patience and encourage you to contact Code Inspector Jefferson at 623-930-3618 if you have any questions or if you would like to provide additional input.
